

Notification of Support Cancellation

Published by the RADIO PRODUCTS AND SERVICES DIVISION

In an effort to keep you informed on the status of replacement parts and service support, we are providing you with a pre-notification of support cancellation on various products. Replacement Parts & Kits, Radio Support Center, System Support Center, and Test Equipment Repair Center services for the models listed are going to be outside of the published Motorola RPSD Replacement Parts Availability Goal.

This list is intended to provide you with advanced notification so you have sufficient time to communicate this to your customers and help plan their support strategy. This list should also be communicated to your customers where the customers have service contracts covering any of the listed models.

This issue also includes a list of products whereby support has been met. The intent is to continually add to the list as the support expires.

If you have questions regarding this information, please contact Customer Service at 800-627-6772.

PRODUCT TYPE	REPLACEMENT PARTS AVAILABILITY GOAL FROM DATE OF PRODUCT CANCELLATION
Broadband/WINS	3 years
Mobile/Portable Two-way Radios	5 years
